

Attunement Workshop Level 2

with Tom Hansen

“As human beings we have the remarkable ability to translate the invisible world into the visible world and to allow the visible world a means for transformation, and subsequently transmutation, into the invisible world. Truly, human beings are the means by which the Creator-Being acts on Earth; by which Spirit/God is made manifest in matter/form.”

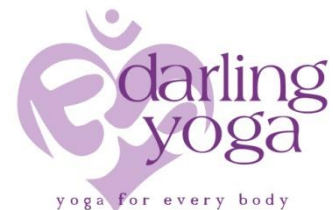

~ Attunement: The Energy of Being - Chapter I

The Level 1 Workshop (Introduction) or equivalent Attunement experience is a prerequisite for this workshop.

In this 2-hour session we will review the Attunement principles from the Level 1 Workshop and practice various hands-on Attunement techniques that will allow you to deepen your Attunement perception and build confidence in your ability to share Attunement with others. There will be a particular focus on balancing the endocrine system.

Where: Darling Yoga, 11711 College (at Quivira), Overland Park
When: Saturday, July 30, 2016
Time: 2 – 4 pm
Cost: \$25/person in advance; \$30 at the door

As in Level 1, our session will include both dialogue and "hands-on" experiential time, but there will be much more "hands-on" work in this session. Wear loose comfortable clothing.

Tom Hansen has been studying different forms of natural healing since 1984 and studying Attunement intensively since 1994. He is an Attunement Master, Reiki Master-Teacher, CranioSacral Therapist, Tai Chi and Yoga student.

There is a sacred exploration which awaits us all.
It is not to become Buddha or Jesus.
It is to be the light to which each referred when he said "I".
